Sponsorship Downgrade Policy

If a sponsorship has not yet been paid, a downgrade may be approved with a fee, but if payment has already been made, refunds are not permitted—only credits may be issued. Downgrade eligibility depends on timing: requests made 180 or more days prior to day 1 of the show incur a 10% fee, 90–179 days a 15% fee, and 40–89 days a limited downgrade with a 25% fee, while requests made within 40 days are not allowed. Once marketing has begun, downgrades are no longer permitted; otherwise, standard timing rules apply. Fees are always enforced based on the stage of the request.
